You'll purposefully build relationships with relevant professionals at local organisations, and communicate directly with young people, to encourage referrals onto the Spear programme.

Spear Graduate Coaches are directly employed by the partner church at which their Centre is based, meaning you're part of a vibrant church staff team and submerged in an exciting faith community, whilst remaining robustly supported by the Resurgo coaching team and expertise.

Part of your role is establish a personal presence within the community as your regular place of worship, and build a strong and committed network of supporters in the partner church to help source employment, funding and volunteer opportunities for Spear. You'll also have the opportunity to work with church staff to engage trainees in the wider church programme, helping them find community and explore life's big questions.

What will you gain?

Christian Leadership Skills through continual feedback, vulnerability, and challenge, and have opportunities to practise these skills in regular staff prayer meetings for both Resurgo and the church, as well as in Spear team meetings and events.

Social Impact Awareness – you'll gain a working understanding of the issues affecting your church's community, work with the church to tailor Spear accordingly and understand effective and meaningful ways of measuring this impact.

Excellent coaching capability, through the iLM accredited 5-day 'Coaching for Leadership' programme. You'll continue to develop your coaching skills while delivering the Spear programme through intensive on-the-job support and weekly 1-1 mentoring.
