### **JOB ADVERTISEMENT**

**We are recruiting!** An exciting vacancy has become available at this key time for Kidz Klub Leeds as we build on the past 20 years of ministry and prepare for the coming 10.

#### **Fundraiser for Kidz Klub Leeds.**

In 20 years we've reached 26,000 children and carried out 600,000 home visits. In the next 10 years with our partners we are working to reach more children than ever before and take the support deeper for the children we work with. After 20 years much trust has been established and the scope of our frontline work with some of our cities most vulnerable children has grown considerably. We are working with a partnership of churches and supporters across the city and beyond... it's an exciting time. We believe that the children are the community changers and nation shakers our job is to help them to shine.

We are looking for a dedicated person to join our Fundraising Team who is passionate about our vision and can use their talents to help us reach many more children in the next 10 years. The Fundraiser will join our existing Fundraising Team to help to develop and strengthen our funding base across all areas of fundraising. The post holder will have a key role in implementing the fundraising strategy for Kidz Klub to enable the growth of the charity over the next 10 years.

Our activities for 1250 children currently include weekly home visits, schools work in 34 inner city primary schools, grassroots community and family support work, local Hub Klubs and a big Central weekly Klub with 7 double decker buses.
