Youthscape

Youthscape

We are Christians passionate about seeing positive transformation for all young people.

We are building on a 25 year investment in one place to see real change in the lives of teenagers. We are part of a wider movement of churches and faith organisations working for the good of young people and believe that a renewed local church is key to a better future for teenagers of every background and belief.

At the heart of our work is Bute Mills, our pioneering Luton hub where we meet young people in schools, churches and the community. Research and innovation are core values as we seek to understand youth culture, enabling us to develop new resources and models of youth work and refine established approaches because a rapidly changing culture demands innovative thinking and practice.

We then share what works nationally through events, training, consultancy and resources. Our resources for youth work include our conference the National Youth Ministry Weekend; a weekly podcast; the Open Me series of devotionals for youth workers; a comprehensive annual programme of training and a range of innovative resources, all of which are available in the Youthscape store.

Our vision is to see the landscape change for every young person in the UK beginning with those in Luton. Ultimately we want to see all churches inspired and equipped with everything they need to see transformation in the lives of the young people in their community.

About us

Back in 1993, Youthscape started life as the Luton Churches Education Trust - a charity started and funded by the churches in Luton, working together to serve teenagers across the town. Since then we have grown into a national hub for youth work resources, events and training while continuing to serve the young people here in Luton.

Youthscape is an exciting, dynamic organisation, constantly undertaking new projects and developing new models and resources.

We are seeking a financial controller who is familiar with charity SORP requirements and who thrives in a fast paced organisation and is able to adapt to the changing needs of the organisation.
